

Support for Ukrainian refugees:

Goethe-Institute offering rooms for gathering purposes and discount on German language courses

The Goethe-Institut in Rotterdam wants to support Ukrainian citizens who came to the Netherlands as a consequence of the ongoing war. We are Germany's cultural institute in the Netherlands promoting the German language and intercultural exchange, art and culture.

We can offer rooms for gathering purposes and a 99,9% discount on German language courses. For persons engaged in the cultural sector and artists, we would like to offer possible cooperation.
